

NEW OPPORTUNITIES FOR YOUR HEALTH!

Artlife's product range helps you to select suitable product
and individual programs for yourself and your loved ones

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

Artlife company is one of the leaders in the field of natural products for health. Under the conditions of bad ecological situations, in case of total deficiency of essential nutrients, vitamins and micro-elements, Artlife's complexes helps to correct the nutritional status, restore adaptive capacity of body and improve well-being.

Note: The products discussed here, contain herbal extracts, vitamins and minerals That helps in promoting general health and well-being of an individual by preventing Nutritional deficiencies. These products are not medicines. Kindly consult your Doctor if you are experiencing a medical problem.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

OLEOPREN CORDA

- Protects from negative impacts of free radicals.
- Provides nutritional support for heart muscles.
- Normalizes cholesterol level.
- Provides prophylaxis of myocardial infarction.

A cardioprotector of new generation on the basis of micro powder of Himalayan fir. This bioactive complex allows to protect the cell membrane of cardiomyocytes at different damage levels, help to activates the processes of protein synthesis, help to improves the function of immune system, and protects from oxidative stress.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

OLEOPREN GEPA

- Help to Remove toxic substances from the liver.
- Help to Restores the structure of liver cells.
- Help to Reduces inflammatory processes in the liver.
- Enhances resistance of liver to the toxins and other adverse Factors.
- Improves the state of liver after infections

A hepatoprotector of new generation on the basis of micro powder of Himalayan fir. This product allows to protect the cell membrane of hepatocytes at different damage levels, help to activates the processes of protein synthesis, improves the function of immune system, and protects from oxidative stress.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

OLEOPREN NERO

- Help to Stimulates brain activities.
- Helps improve memory and attention.
- Provides resistance to the stresses.
- Increases endurance during the physical and mental loads

A neuroprotector of new generation on the basis of micro powder of Himalayan fir. This bioactive complex allows to protect the cell membrane of brain neurons and peripheral nervous system at different damage levels, help to activates the processes of protein synthesis, and help to protects from oxidative stress.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

NOVOMEGIN

- Strengthens vessels
- Increases body energy reserve

NovOmegin is a source of polyunsaturated fatty acids, deficiency of which can adversely affect health status. Polyunsaturated fatty acids help to maintain a healthy cholesterol level, blood circulation and natural anti-inflammatory mechanisms of the body.

NovOmegin bioactive complex's formulation is strengthened with quercetin and lipoic acid. Quercetin reduces vascular permeability and increases their elasticity. Lipoic acid has a high antioxidant effect and improves energy production in body.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

ENZYME COMPLEX PLUS

- Helps more to completely digest food.
- Speeds up removal of toxins from the body.
- Activates anti-inflammatory response of body.
- Increases the immunity and protects from oxidative stress.

Enzymes speed up chemical reactions, improves splitting of fats, carbohydrates and proteins for the purpose of maximum digestion, optimizes anti-inflammatory response of body, has immune modulative effect, controls respiration and circulation processes. Zinc activates enzyme actions and protects against hypoxia. Echinacea and licorice enhance immune modulative effect, antibacterial and anti-inflammatory effects of the enzymes.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

GREEN STAR

- Prevention of iodine deficiency.
- Improves function of gastrointestinal tract.
- Helps strengthen immunity system; increases body's resistance to acute and chronic diseases, high physical loads and stresses.
- Improves skin condition.

Green star is a unique bioactive complex with marine algae, which has general health-improving effect. Spirulina has a positive effect on the intestinal microflora, improves function of the gastrointestinal tract, intestinal peristalsis and normalizes metabolic processes in the body. Chlorella is high in chlorophyll, which is an effective disinfectant of natural origin, has antiseptic and restorative effect. Pectin improves the function of digestive system. Echinacea supports immune system.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

TOXFIGHTER ACTIVE

- Reduces toxic loads in the body.
- Improves functional state of gastrointestinal tract, liver and pancreas.
- Help to correct metabolic processes in body.
- Is recommended for the people, who live under adverse environmental conditions.

It is an universal enterosorbent, which is made on the basis of plant components, that helps to neutralize the effect of toxins and by products of metabolism. Apple pectin has astringent and wraparound effect, and protects mucosa of gastrointestinal track. Papain enzyme helps more to completely digest food and improves digestive processes. Spirulina and inulin help remove toxins from the body and provide necessary balance. Body cleansing program should be performed 1-2 times in a year.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

MULTIMEGIN

- Supports children bodies during the period of intensive growth and study load

It supplies polyunsaturated fatty acids and vitamins to the children bodies. The advantages of this bioactive complex: the combination of PUFA Omega-3 from fish oil and also flaxseed oil :

- improve the memory, concentration and resistance to the psycho-emotional loads;
- increase body's protective power;
- increase the elasticity of the ligaments and tendons, maintaining the development of musculoskeletal system;
- reduce the manifestation of allergic reactions.
- maintain eye health by preventing the visual acuity decrement in case of increased visual loads.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

CETRA COMPLEX

- Enhances the body protective power.
- Provides Nutritional support in Prophylaxis of Colds and Flu.
- Increases body tone and endurance.

CETRA COMPLEX has antibacterial and antiviral properties, performs anti-inflammatory action, helps strengthen the immunity system; stimulates activities of gastrointestinal tract's endocrine glands, performs a hepatoprotective and adaptogenic actions, normalizes the metabolism, has a positive effect on the intestinal microflora, without causing dysbacteriosis.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

VENATOL

- Has vein toning and antioxidant effect
- Is recommended for people with a predisposition to varicose veins (who work at a sedentary or standing job, people with excess weight, sedentary lifestyle, smoking, in case of hormone intake and etc.)

Horse chestnut improves the integrity of the vascular wall, has a positive effect on the permeability of capillaries, and has a vein tonic effect. Bromelain reduces the level of inflammatory reaction, prevents blood vessels from becoming narrowed. Hesperidin, rutin and quercetin are powerful antioxidants, help strengthen blood vessels and increase the integrity of collagen.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

AD-BALANCE

- Help to maintain blood pressure within normal limits
- Has a positive effect on cardiovascular system.

AD-balance bioactive complex contains plant components with high antioxidant and vessel constructive effect. Ginkgo biloba extract and quercetin strengthen the vessel walls. Microelements of potassium and magnesium take part in vital processes of cardiovascular system; maintain elasticity of blood vessel walls, prevent thrombosis, and regulate the course of metabolic processes. Hops and mint relieve stress.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

FERRODOK

- Helps to prevent hypoxia.
- Helps to maintain energy and health to muscles, brain, immune system and metabolism,
- It is useful in case of chronic fatigue, stress, high physical loads, beriberi and unbalanced diets

Iron is a very essential microelement that has key importance for the production of red blood cells and special enzymes. The need for iron rises in the period of growth and human development, in case of chronic fatigue and increased physical loads. Ferrodok bioactive complex helps to fill the deficiency of important microelements. Copper, iron, zinc alongside with the complex of amino acids and vitamins are essential for providing oxygen for blood and muscle tissues.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

ATEROLEX

- Supports the functions of cardiovascular system
- Helps to prevent atherosclerosis

The components of Aterolex bioactive complex help to maintain the normal state of the arterial bed. Vitamin C strengthens the blood vessel walls, B vitamins are essential for reactions of homocysteine metabolism. Taurine is essential for the synthesis of bile acids, which remove excess cholesterol from the body. Ginkgo biloba extract has an antioxidant effect, strengthens the blood vessel walls and improves microcirculation.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet.
Please do not exceed the recommended daily usage.

ARTEMISIN-M

- Cleanses gastrointestinal tract
- Prevent parasites
- Reduces toxic loads from body

Artemisin-M contains a combination of plant substances, which provide sanitation and cleansing of gastrointestinal tract from helminthic invasions. Wormwood contains a high amount of bitterness due to which it has an anthelmintic effect, it helps cleanse the body from toxins and parasites. Garlic, cloves and St. John's Wort have strong antiparasitic, choleric and spasmolytic effect. Cassia helps to remove toxins.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet.
Please do not exceed the recommended daily usage.

HEPAR FORMULA

- Daily support for a healthy liver
- Activation of detoxification and regeneration processes

The proper functioning of liver is necessary for general health state of body. Hepar Formula provides comprehensive support for liver function. Blessed thistle, lecithin and milk thistle are traditionally used for regeneration and protection of liver cells. Turmeric has an antiseptic effect. L-methionine activates natural process of detoxification. Inulin improves digestive processes, helps to grow useful microflora in the intestines.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

GCALM MAXI

- Support for digestive system
- Helps reduce gastric irritation

GCalm-Maxi complex helps to maintain digestive track health. Plant components (flax, chamomile, valerian, licorice) have a mild antacid, anti-inflammatory and enveloping effect, increase protective properties of mucous membrane of the gastrointestinal tract, stimulate regeneration processes, help to restore in case of functional disorders of the gastrointestinal tract. Magnesium carbonate / magnesium oxide have a mild neutralizing effect in reference to hydrochloric acid of gastric juice. Papain is a powerful catalyst for the most important metabolic processes.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

PANBIOLACT

- Help in nutritional support for dysbiosis in adults and children 14+ years old.
- The “leaky bowel” syndrome – increased permeability of the intestinal epithelial barrier
- Immunocorrection

The useful bifidobacteria and lactobacilli, contained in Panbiolact complex normalize the intestinal microflora, help to increase the intestinal permeability barrier, and help to restore the normal digestion. Probiotic bacteria, contained in Panbiolact complex, are grown in a lactose-free medium and are hypoallergenic.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

PHYTOREN

- Helps urinary tract
- Supports kidney cleansing and detoxification
- Helps to restore pH balance in the urinary tract

Phytoren is a combination of cleansing and diuretic herbs, specially designed to prevent stagnant phenomena in the kidneys and help them to eliminate toxins. The moraine root has diaphoretic, diuretic, antispasmodic effects. Its effect is enhanced by the plants with high antiseptic effect, such as cranberry and junipers. Potassium and magnesium help restore acid-base balance in the urinary tract.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

M FORMULA ACTIVE

- Support for reproductive health of men (number, sperm motility)
- Help in normalization of hormonal background of the man
- Prophylaxis and help in comprehensive therapy of prostatitis
- Prophylaxis and help in comprehensive therapy of benign prostatic hyperplasia (adenoma)
- Prophylaxis of prostate cancer

The complex «M FORMULA ACTIVE» has an anti-inflammatory effect, prevents the development and progression of prostate adenoma, help to restores cellular structures of glandular tissue, improves potency, increases libido, improves immunity and the overall performance of the male body.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

SUPER SHIELD ACTIVE

- Has antiviral and anti-inflammatory effect.
- Helps strengthen immunity.
- Is recommended for use as a part of complex therapy and prophylaxis of acute respiratory diseases.
- Increases resistance to herpetic and other viral infections.

Super Shield Active is a unique combination of natural components, which is directed to the effective correction of immune system dysfunctions. Beta-glucan is a polysaccharide from mushrooms and yeast which increases nonspecific and specific immunity by activating immune cells. Shiitake ginger and Echinacea increase resistance to infections, strengthen immunity, activate metabolic processes in liver cells. Ginger root has anti-inflammatory and antipyretic effect.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

PERSIPHEN

- Improves the general state of organism .
- Activates the immune system.
- Improves the state of vessels.

It provides an effective protection against free radicals, is made on the basis of peach leaf, vitamins C and E, and beta carotene. Polyphenolic compounds of peach leaf prevent the development of oxidative stress and normalize functions of body's antioxidant systems, and also boost the immune system. The vitamins C, E and beta carotene increase resistance to free radicals and have a positive effect on the blood vessels.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet.
Please do not exceed the recommended daily usage.

MRISE

- Enhances general workability, concentration and memory, especially in case of overtiredness and fatigue
- Helps to slow down processes of age-related impairments of cognitive functions, vision, hearing

Mrise is a natural bioactive complex; it helps to support cognitive functions (memory, concentration and etc.). Ginkgo biloba strengthens the blood vessel walls, improves microcirculation and venous outflow from the brain. Ginseng has a tonic effect, increases the workability. Lecithin provides nutritional support to the brain. Vitamins stabilize the energy metabolism and regulate the molecular processes underlying memory and concentration. L-tryptophan as an amino acid provides a positive effect on emotional state.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet.
Please do not exceed the recommended daily usage.

NSTABIL

- Has a mild sedative effect
- Increases the workability, resistance to stress and high physical loads.
- Improves the process of falling asleep in case of mild insomnia

Nstabil contains plants with a mild soothing effect. Hops and valerian improve the functional state of central nervous system, improve sleep quality. Mint and St. John's wort help to relieve spasms and are useful in case of mild migraines. L-tryptophan as an amino acid provides a positive effect on the emotional state. Vitamin B6 takes part in energy metabolism.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

GLUCOSIL NORMA

- Provides health support in case of sugar diabetes and metabolic syndrome
- Helps to maintain a healthy body weight
- Helps to strengthen vessels

The composition of Glucosil Norma bioactive complex has a positive effect on the metabolic processes in body. Taurine improves metabolic processes in the heart, liver, retina and other organs and tissues; it has also an antioxidant effect. It increases sensitivity of tissues to insulin. Bean shells extract helps to control the level of carbohydrates, thereby supports to maintain a healthy body weight. Garcinia helps to control appetite. Rutin and quercetin strengthen the vessels.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

TBALANCE

- Is a source of iodine and vitamins
- Supports the functions of endocrine system
- Has a general health improving effect

The composition of Tbalance bioactive complex is balanced and consists of a number of vitamins, amino acids and microelements, which are providing a normal function of endocrine system. L-Phenylalanine and L-tyrosine are the most important substrates for a number of neurotransmitter and hormones. Iodine in iodate form is an integral part of the thyroid gland secretes, which regulate cellular metabolism and energy production.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet.
Please do not exceed the recommended daily usage.

BURDOK-C

- Normalizes metabolism
- Enhances the immune system
- Improves functions of all of the body systems

«Burdok-C» is an unique bioactive complex, which provides a comprehensive support for body functions, due to correct any kind of metabolic disorders and helps to maintain body's natural balance.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet.
Please do not exceed the recommended daily usage.

WOMENS FORMULA

- Helps to prevent hormonal imbalance in the female body
- Provides support during menopause

Women's formula contains natural substances, which help to maintain the balance in female body and alleviate the symptoms, that occur during menopause (mood swings, increased sweating and migraines). Natural soy isoflavones are essential for supporting female body. The needed amount of isoflavones is difficult to provide in the conditions of routine food. Plant extracts, vitamins and microelements help to maintain the normal metabolism in female body.

NOT FOR MEDICINAL USE.

MLADOMASTON

Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

- This food supplement is intended to normalize the endocrine profile and prevent the development of neoplasms
- Relief of the symptoms of menopause and premenstrual syndrome
- Prophylaxis of female gynaecological disorders

Mladomaston is a balanced plant complex, which is produced especially for women.

It contains active substances, which have antioxidant action, protect female reproductive organs and support endocrine system.

NOT FOR MEDICINAL USE.

DISCOVERY UNI

Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

- This complex has a general health improving effect
- Protects body from stresses and bad ecological conditions

Taking Discovery UNI bioactive complex helps reduce the consequences of malnutrition, adverse environmental conditions, reduce chronic fatigue, and support the functions of immune system. Vitamins are the essential part of human nutrition. Human body cannot synthesize vitamins independently and should receive them with food. Vitamins are taking part in a large amount of our body reactions, our organism cannot function without them. Macro- and microelements should be present in our diet. Even minor deviations in the mineral content from the norm could cause heart disease.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

GLAZOROL INTENSIVE

- Reduces visual fatigue syndrome (while reading, working with computer, driving and etc.)
- Prevention of age-related changes in eyes

Glazorol Intensive's composition provides comprehensive and versatile protection of your vision. Natural pigments (zeaxanthin, lutein) protect retina from aggressive particles of light spectrum. Blueberry, quercetin and ginkgo biloba have antioxidant effects, help to improve microcirculation. Beta-carotene improves light perception and eye adaptation to darkness. The natural amino acids: L-aurine and L- cysteine, as well as vitamins provide nutritional support.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

PULMOCLINZ

- Helps reduce inflammation in respiratory tract
- Helps strengthen immunity
- Protects respiratory tract from harmful effects (smoking, allergens, harmful production factors, bad ecological conditions)

Pulmoclinz contains plant extracts, which helps to reduce intensity of inflammation in respiratory track and improves well-being. Thyme, angelica, anise fruits, licorice and ginger have antibacterial effect, facilitate coughing, soften mucous membrane and help to get rid of phlegm. Bromelain enhances anti-inflammatory immune response. Quercetin has antioxidant effect, improves microcirculation, and increases immunity in case of respiratory diseases.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

CALCI-M

- Maintenance of bone and joint health
- Effective restoration after injuries
- Prophylaxis of osteoporosis

A unique time-tested formulation with calcium hydroxyapatite, magnesium and other essential components for the restoration of bone tissues. Calcium hydroxyapatite is the most bioavailable form of calcium for our body. This, in particular, can be best absorbed by the body and helps keep bone tissues healthy, prevent osteoporosis, has a positive effect on recovery processes after injuries.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

JFLEX FORTE

- Stimulates the recovery process of cartilaginous tissue.
- Helps to reduce inflammatory processes in the connective tissue and also decrease the pain syndrome.

It contains natural chondroprotectors (Chondroitin sulphate and Glucosamine sulphate), that compensate for insufficient supply of nutrients to the connective joints. It compensates for nutritional deficiencies, nutrients, which are essential for the full functional activity of the joints, ligaments and spine. It contains glucosamine, chondroitin and Osteol patented complex. Osteol increases the digestibility of the main components of the complex by several times, helping reduce their dosages and decrease the load on the liver.

NOT FOR MEDICINAL USE.

Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

OPTIMAL K2+D3

NEW

- Supports healthy cardiovascular system.
- Enhances the immune system.
- Increases bone strength.

Artlife vitamin K2 + D3 400iu (2 Soft Gelatin Capsules) provides just the right amount of each essential vitamin to maximize their benefits to your bones and heart. No more, no less.

Enriched with vitamin D3 and K2: it is simply a perfect combination 100% natural & safe ingredients. Improves immunity: vitamin D3 helps replenish the body's stores of vitamin D which helps in optimizing health. Promising improved immunity, mood, and the neuromuscular system with just 2 Capsule a day.

NOT FOR MEDICINAL USE.

Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

TRIOVITAL

NEW

- Immune System Support
- Improves the general state of organism
- Has antiviral and anti-inflammatory effect

TrioVital is a source of vitamins, zinc & natural Ingredients. Vitamin C is powerful antioxidant that can strengthen your body's natural defenses. Vitamin E is a nutrient that's important to vision, reproduction, brain & skin health. Zinc helps keep your immune system strong. Quercetin plays an essential role in reducing the risk of cardiovascular diseases & to reduce blood pressure. Ginger extract has been used as a natural remedy including relief from nausea, digestive issues and pain. L-lysine is required for the formation of collagen, a protein that helps to give structure to skin and bones.

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

PHYTOGELS

NOT FOR MEDICINAL USE. Nutraceutical is not to be used as substitute for a varied, diet. Please do not exceed the recommended daily usage.

6 SIX UNIQUE GEL NUTRACEUTICALS

Effective support for:

- Cardio-vascular system
- Gastrointestinal track
- Intestinal infections and poisonings
- Joint injuries
- Increased irritability and sleep problems
- Urinary system

Phytogels are the innovative products of Artlife. They have an effective action on key systems of human body, first aid in different cases.

Advantages:

- The action directed to correction of different states of the body
- Immediate effect
- Ready to intake, no need to dissolve

Gel form of product provides the maximum safety of biologically active substances. Pectins, on which Phytogels are based, provide positive effect on the gastrointestinal mucosa. Phytogels are useful for people with diabetes because it contains fructose as a sweetener.
