Active combination
of probiotics

Maintenance of
digestive system health

PANBIOLACT

Take care of the balance of useful bacteria in your intestines

In the human intestines, there are many bacteria, which help to maintain a healthy digestion. When their balance is disturbed, as a result, the digestion process will be disturbed too. This may manifest as indigestion, loss of appetite, anemia, frequent diseases, skin problems.

Dysbiosis can be caused by: taking antibiotics, intestinal infections, digestive tract diseases, poor nutrition, vitamin deficiency and food allergies.

Optimal
intestinal balance!

Reducing
discomfort

Maintenance
of immune defence

ACTIVE INGREDIENTS:

Bifidobacterium bifidum has a high activity against a wide range of intestinal pathogenic microorganisms, normalize digestive and protective functions of intestines, activate the metabolic processes and increase nonspecific resistance of body.

Lactobacillus acidophilus contribute to stimulation of immunity, are used for correction of allergies and the chronic diseases of gastrointestinal tract.

Lactobacillus plantarum produce the generation of antimicrobial substances and reduce intestinal discomfort.

Inulin is a soluble fiber that serves as a nutrient medium for probiotic bacteria. Thus, inulin helps to maintain the health and functions of the intestines.

Shiitake mushroom extract contains natural polysaccharides, which help to keep immune system healthy.

Arabinogalactan strengthens the health of intestines due to increasing the concentration of butyric acid and the growth of useful intestinal microflora.

Vitamins B3 and B2 and **L-cysteine** take part in metabolic processes and maintain the health of microbiome.

RECOMMENDED USAGE:

take 1 Capsule 2 times a day with meal or as suggested by the Healthcare Professional. Course duration – 1 month.

These products are not intended to diagnose, treat, cure or prevent any disease. NOT FOR MEDICINAL USE.

Nutraceutical is not to be used as substitute for a varied diet.

Please do not exceed the recommended daily usage.
