THE MAIN BASE —
IS THE HEALTH
OF A CELL

WHEN SHOULD PEOPLE TAKE CARE OF THEIR HEALTH?

**WHEN THE FIRST
SYMPTOMS OF ILLNESS
APPEAR**

REGULARLY!

**WHAT ARE THE NECESSARY
ACTIONS TO KEEP AND ENRICH
BODY'S HEALTH?**

**REMOVE THE WASTE – GIVE
THE ESSENTIAL!**

**MODERN PEOPLE
ARE UNDER NUMEROUS ATTACKS
OF NEGATIVE FACTORS:**

- Hazardous environment.
- Stress.
- Physical inactivity.
- Hypoxia.
- Unhealthy diet.

**EVERY YEAR
WE LOSE...**

**...SOMETHING,
WE CAN KEEP,
IF WE KNOW
HOW!**

TRANSFATS

**REMOVE
THE WASTE!**

They are produced from plant oils by special processing method — hydrogenation: hydrogen runs through liquid oil that is heated to very high temperatures. As a result they get solid, fat mass that is stable to oxidation.

TRANSFATS

- It is delivered to the child with breast milk.
- The risk of diabetes development increases.
- The state of joints and conjunctive tissues worsens.
- Immune system is weakened.
- The level of male hormone testosterone is lowered and sperm quality becomes bad.

Consuming only **2% more** trans fats (only 4 grams a day!) increases the risk of ischemia heart disease by **23%**

**REMOVE
THE WASTE!**

**Negative
consequences of
consuming
trans fats**

REMOVE
THE WASTE!

DYSBIOSIS

AMMONIA, AMINES, PHENOL, INDOL, SKATOLE.

These substances are transferred to blood, and affects the liver significantly
